Olympia, WA 98504-7775

To Whom it may concern,

At this time, the Town of Cathlamet has made no material changes to the configuration of our wastewater treatment plant. The existing O&M manual is accurate and up-to-date. To date any information that we cannot locate in the O&M is freely available on-line.

Sincerely,

A handwritten signature in black ink, which appears to read "David McNally". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

David McNally
