Re: National Pollutant Discharge Elimination System (NPDES)
Permit No. WA0991008; Hughes Farms Inc.

Dear David Hughes:

The Washington State Department of Ecology (Ecology) acknowledges receiving a NPDES permit renewal application for the Hughes Farms Inc. on May 28, 2021. The application has been reviewed and is accepted as complete.

Your current NPDES permit has an expiration date of December 31, 2021. Renewal of the permit is in process; however, the permit may not be issued by the expiration date. In accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-220-180(5), if your renewal permit is not issued and effective by the current permit's expiration date, then the current permit and its terms and conditions are administratively extended and will remain in effect and enforceable until Ecology issues a new permit and it becomes effective for your facility,

If you have any questions regarding the development of your renewal permit, please contact Jeanne Tran at (425) 531-8311 or Email at jeanne.tran@ecy.wa.gov

Sincerely,

A handwritten signature in black ink, appearing to read "Tricia Miller".

Tricia Miller
