RE: Issuance of Modified State Waste Discharge Permit ST0501273 – SGL  
Composites

Dear Lee McKinley:

Modified State Wastewater Discharge permit ST0501273 is enclosed. The Department of Ecology (Ecology) issues this permit in accordance with Chapter 90.48 RCW, as amended.

Ecology published a legal notice of draft permit modification on November 20, 2023 in the Columbia Basin Herald to inform the public that a draft modified permit was available for review.

### **Permit Fees**

The Department of Ecology, in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with issuing and administering wastewater discharge permits (Chapter 173-224 WAC).

Ecology calculates the annual fee for both industrial and municipal/domestic discharges according to the permit fee schedules contained in WAC 173-224-040. We notify permit holders of fee charges by mailed billing statements. Failure to pay the applicable permit fee may result in the suspension or revocation of the permit and could result in the issuance of civil penalties or actions to enjoin the activity under the permit.
