Re: Application for Renewal of State Waste Discharge Permit No. ST 0006127, Port Townsend
Biosolids Facility

Dear Bliss Morris:

We hereby acknowledge receipt of the above-referenced application on February 2, 2024. This application is hereby accepted. Your current State Waste Discharge Permit has an expiration date of June 30, 2024.

The current permit and its terms and conditions will be administratively extended on July 1, 2024, and will remain in effect and enforceable until the Department of Ecology (Ecology) issues a new permit for your facility, in accordance with Washington Administrative Code (WAC) [173-220-180\(5\)](#).

During the permit renewal process, Ecology may determine that additional information is necessary to complete the permit. In order to maintain complete application status, Port Townsend Biosolids Facility must provide any additional information Ecology may request in a timely manner.

If you have any questions regarding this letter, please contact me at david.dougherty@ecy.wa.gov or by phone at (564) 999-3586.

Sincerely,

A handwritten signature in black ink, appearing to read "David Dougherty".
