RE: Discharge Monitoring Report Violations for State Waste Discharge Permit
ST0008078 – Nouryon Chemicals

Dear Patrick Ealy:

In 2024, Nouryon Chemicals submitted three discharge monitoring reports (DMRs) past the required due date. All DMR submittals are due by the 15th of the month following the monitoring period. The following DMRs were late:

- | | | |
|--------------------|----------------|-------------------------|
| 1. April 2024 DMR | Due: 5/15/2024 | Submitted: 5/29/2024 |
| 2. June 2024 DMR | Due: 7/15/2024 | Submitted: 7/16/2024 |
| 3. August 2024 DMR | Due: 9/15/2024 | Submitted: Not received |

Ecology wants to make sure you are aware of the violations and to help your facility stay in compliance with the limits, monitoring requirements, and conditions of Nouryon Chemicals wastewater discharge permit.

Please contact me at (509) 319-4759 if you have DMR reporting questions or need assistance with DMR submittal.

Sincerely,

Shara Joy
Water Quality Program
