Re: State Waste Discharge (SWD) Permit Modification
Permit No. ST0501320; Skagit Valley Farm Cooling

Dear Rick Garlock:

We have enclosed the modified SWD permit and fact sheet addendum for your review. Please review the documents carefully and submit your comments as soon as possible to Adrienne Yang.

State law requires the circulation and publication of notices which describe the proposed issuance, renewal or modifications of permits. This is intended to allow the public to be aware of and comment on such actions.

Enclosed is a copy of the public notice published in the Skagit Valley Herald on November 26, 2024. A similar notice will be mailed from this office to agencies, groups and individuals that have requested such notices for this geographic area.

The Department shall provide a period of not less than thirty (30) days following the date of the publication of the public notice during which time interested persons may submit their written views on the modified draft permit. You may submit additional comments on the modified draft permit throughout the duration of the public comment period.

If you have questions regarding the proposed modification, please contact Adrienne Yang at 425-941-8633 or by email at adrienne.yang@ecy.wa.gov.

Sincerely,

Tricia Miller
Permit Coordinator
Northwest Region Office
