RE: Modification of NPDES Waste Discharge Permit No. WA0024023 for Yakima Publicly Owned Treatment Works (POTW), Effective April 9, 2025

Dear Mike Price:

Enclosed is your Modified National Pollutant Discharge Elimination System (NPDES) Waste Discharge Permit No. WA0024023 which has been issued in accordance with Chapter 90.48 RCW, as amended, and the Federal Water Pollution Control Act, as amended. This Modified NPDES Permit satisfies the requirements of both federal and state laws.

The modified permit is identical to the original permit, with the exception of changes to due dates in Special Conditions S10, S11, S13, and S14. The changes do not affect the stringency of the permit and therefore do not require public notice. Please have your staff replace the original pages of the permit with this revised pages for each copy of the permit made. The page is clearly marked at the bottom "**THIS PAGE WAS REVISED ON 4/9/2025**".

Any questions or correspondence should be directed to your permit manager, Coleman Miller, at (509) 406-5664 or at coleman.miller@ecy.wa.gov.

Sincerely,

Damon G. Robert
Section Manager
Water Quality Program
