Re: State Wastewater Discharge (SWD) Permit Renewal Application  
Permit No. ST0501320; Skagit Valley Farm Cooling

Dear Rick Garlock:

The Department of Ecology (Ecology) acknowledges receiving the permit renewal application for Skagit Valley Farm Cooling on February 4, 2025. The application has been reviewed and it was accepted as complete on May 7, 2025.

Your current SWD permit has an expiration date of June 30, 2025. Renewal is in process but may not be issued by the expiration date. In accordance with the Washington State Administrative Procedures Act [RCW 34.05.422\(3\)](#) and Washington Administrative Code WAC [173-216-070](#), if your renewal permit is not issued and effective by the current permit's expiration date, the current permit and its terms and conditions and any changes requested in the permit application, will remain in effect and enforceable until Ecology issues a new permit for your facility.

If you have any questions regarding the development of your renewal permit, please contact Adrianne Yang by email at [Adrianne.yang@ecy.wa.gov](mailto:Adrianne.yang@ecy.wa.gov).

Sincerely,

Tricia Miller
