Re: Application for Renewal of National Pollutant Discharge Elimination System (NPDES) Permit No. WA0001007, Graymont Western US Inc

Dear Keith Wiggs:

We hereby acknowledge receipt of the above-referenced application on May 31, 2025 via the WQWebPortal and a hard copy on June 5, 2025. This application is hereby accepted. Your current NPDES permit has an expiration date of December 31, 2026.

The current permit and its terms and conditions will be administratively extended on January 1, 2027, and will remain in effect and enforceable until the Department of Ecology (Ecology) issues a new permit for your facility, in accordance with Washington Administrative Code (WAC) [173-220-180\(5\)](#).

During the permit renewal process, Ecology may determine that additional information is necessary to complete the permit. In order to maintain complete application status, Graymont Western US Inc must provide any additional information Ecology may request in a timely manner.

If you have any questions regarding this letter, please contact me at aziz.mahar@ecy.wa.gov or by phone at (564) 233-9562.

Sincerely,

A handwritten signature in black ink that reads "Aziz Mahar".
