August 8, 2014

The Honorable Steve Meyer
Town of Rockford
PO Box 49
Rockford, WA 99030

RE: Town of Rockford – Permit No. WA0044831
Approvals for Addenda No. 1 and No. 2 – Lagoon Liners Replacement Project

Dear Mayor Meyer:

The Department of Ecology (Ecology) APPROVES Addendum No. 1 and Addendum No. 2 to the Town of Rockford's (Town) Lagoon Liners Replacement Project construction plans and specifications received on August 1 and August 7, 2014, respectively. Ecology based its approval on RCW 90.48 and Chapter 173-240 WAC.

The Town must notify this office immediately of any proposed changes or revisions to the approved documents. The Town must provide changes or revisions in the form of addenda, technical appendices, or supplemental reports to the original approved package of documents to Ecology for review and approval. Additionally, the Town must maintain copies of the approved engineering report, plans and specifications, operations and maintenance manual, permit, and Discharge Monitoring Reports on-site at your facility in Rockford, Washington.

Ecology's review and approval of these documents only assure compliance and consistency with the appropriate rules, regulations, guidelines, planning and design criteria, terms of any grant or loan agreement, and/or other similar documents and is not a quality control check. The Town should not consider this approval as satisfying other applicable federal, state, or local statutes, ordinances, or regulations.

Please contact the project engineer Lucy Peterschmidt at (509) 329-3408 if you have any questions about these approvals. For questions regarding funding or permit requirements, please contact your permit manager Cynthia Wall at (509) 329-3537.

Sincerely,

James M. Bellatty
Section Manager
