Re: Receipt of National Pollutant Discharge Elimination System (NPDES)
Application; Permit No. WA0031682

Dear Ms. Meyer:

Ecology acknowledges receiving an NPDES permit application for the City of Seattle Combined Sewer System on May 22, 2015. The application was reviewed and accepted as complete on June 11, 2015.

Your current NPDES permit has an expiration date of November 30, 2015. Renewal of your permit is in process; however, the permit may not be issued by the expiration date. If your new permit is not issued and effective by the current permit's expiration date, then the current permit and its terms and conditions are administratively extended and will remain in effect and enforceable until Ecology issues a new permit for your facility, in accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-220-180(5).

If you have any questions regarding your application or the permit process, please contact Mark Henley at (425) 649-7103 or Email at mahe461@ecy.wa.gov

Sincerely,

Tricia Miller
Permit Coordinator
