July 17, 2015

Mr. Gary Duranceau
City of Mount Vernon
1401 Britt Road
Mount Vernon, WA 98273

Dear Mr. Duranceau:

Re: National Pollutant Discharge Elimination System (NPDES) Application
City of Mount Vernon Wastewater Treatment Plant; Permit WA0024074

The Washington State Department of Ecology (Ecology) acknowledges receiving a NPDES permit renewal application for the City of Mount Vernon Wastewater Treatment on June 3, 2015. The application has been reviewed and accepted as complete on July 15, 2015.

Your current NPDES permit has an expiration date of December 17, 2015. Renewal of your permit is in process; however, the permit may not be issued by the expiration date. If your new permit is not issued and effective by the current permit's expiration date, then the current permit and its terms and conditions are administratively extended and will remain in effect and enforceable until Ecology issues a new permit for your facility, in accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-220-180(5).

If you have any questions regarding the application or the development of your renewal permit, please contact Shawn McKone at (425) 649-7037 or Email at shmc461@ecy.wa.gov

Sincerely,

Tricia Miller
Permit Coordinator
