Re: October and November 2014 Monthly Feed, Biomass and Disease Control Chemical Use for American Gold Seafoods Net Pen NPDES Permits.

Dear Ms. LeVander:

Please find the end of month biomass, feed and disease control chemical use summary reports for October and November of 2014. I apologize for not getting the October report to you sooner. It has been an extremely busy couple of months for me. As can be seen in the reports, we have restocked the Fort Ward and Orchard Rocks sites with new smolts, while the Hope Island site will be harvested out by the middle of December. Clam Bay and Port Angeles are also harvesting fish with expected fallowing by the second quarter of 2015. If there is any further information you need please feel free to contact me anytime.

Best regards,

Kevin Bright, Environmental Permit Coordinator
American Gold Seafoods

October 2014 Monthly Feed, Biomass and Disease Control Chemical Use Report

American Gold Seafoods
