The Washington Department of Ecology (Ecology) has reissued the Construction Stormwater General Permit (permit). A copy of your new permit is enclosed. **Retain this letter with your permit and Stormwater Pollution Prevention Plan. It is the official record of permit coverage for your site.** Ecology issued the final permit November 18, 2015 and it becomes effective January 1, 2016.

Permit Overview

The new permit has a number of changes that are summarized in the "Summary of Changes" table found on Ecology's website at:

<http://www.ecy.wa.gov/programs/wq/stormwater/construction/index.html>.

Electronic Discharge Monitoring Reports (WQWebDMR)

This permit requires that Permittees submit monthly discharge monitoring reports (DMRs) which must be reported electronically using Ecology's secure Water Quality Permitting Portal (WQWebDMR), unless a waiver from electronic reporting has been granted. You can find more information regarding WQWebDMR on our website at:

<http://www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html>.

If you have technical questions regarding Ecology's Water Quality Permitting Portal, please contact the portal staff at (800) 633-6193/option 3 or email WQWebPortal@ecy.wa.gov.
