**RE: Sand and Gravel General Permit Coverage**

Dear Robert Breshears:

On February 17, 2016, the Washington State Department of Ecology (Ecology) reissued the Sand and Gravel General Permit (permit). Ecology is issuing your facility coverage under the new permit based on the information you provided in your application. A copy of the new permit is enclosed. The effective date of the new permit is April 1, 2016.

**Coverage Page and Authorization**

Coverage under this general permit is limited to the discharges specified on the enclosed coverage page. ***Retain the enclosed coverage page on site, or within reasonable accesses to your site. The enclosed coverage page is the official record of permit coverage for your site.*** Please review all of the information on your coverage page. Contact Ecology if changes are necessary.

**Electronic Discharge Monitoring Reports (WQWebDMR)**

You must submit your Discharge Monitoring Reports (DMRs) using the Water Quality Permitting Portal (WQWebDMR) starting with the DMR due July 30, 2016 (unless you have applied for and received an Electronic Reporting Waiver). Ecology typically only grants Electronic Reporting Waivers to permittees that do not have a computer, printer, or internet connection. If you have previously submitted an ESAF you do not need to submit another one.

**For active sites:** By May 1, 2016, you must set up your WQWebDMR account and submit an Electronic Signature Account Form (ESAF) or submit an Electronic Reporting Waiver Request Form.

**For inactive sites:** Two months before your first DMR due date, you must set up your WQWebDMR account and submit an Electronic Signature Account Form (ESAF) or submit an Electronic Reporting Waiver Request Form.

You can find more information regarding WQWebDMR in the enclosed brochure and on our website at: <http://www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html>. If you have technical questions regarding Ecology's Water Quality Permitting Portal, please contact the portal staff at 800-633-6193/*option 3* or email [WQWebPortal@ecy.wa.gov](mailto:WQWebPortal@ecy.wa.gov).

We plan to hold WQWebDMR trainings across the state from February – April, 2016. Visit <http://www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html> for more information.
