RE: Sand and Gravel General Permit Coverage

Dear Mark Ferguson:

On February 17, 2016, the Washington State Department of Ecology (Ecology) reissued the Sand and Gravel General Permit (permit). Ecology is issuing your facility coverage under the new permit based on the information you provided in your application. A copy of the new permit is enclosed. The effective date of the new permit is April 1, 2016.

Coverage Page and Authorization

Coverage under this general permit is limited to the discharges specified on the enclosed coverage page. ***Retain the enclosed coverage page on site, or within reasonable accesses to your site. The enclosed coverage page is the official record of permit coverage for your site.*** Please review all of the information on your coverage page. Contact Ecology if changes are necessary.

Electronic Discharge Monitoring Reports (WQWebDMR)

You must submit your Discharge Monitoring Reports (DMRs) using the Water Quality Permitting Portal (WQWebDMR) starting with the DMR due July 30, 2016 (unless you have applied for and received an Electronic Reporting Waiver). Ecology typically only grants Electronic Reporting Waivers to permittees that do not have a computer, printer, or internet connection. If you have previously submitted an ESAF you do not need to submit another one.

For active sites: By May 1, 2016, you must set up your WQWebDMR account and submit an Electronic Signature Account Form (ESAF) or submit an Electronic Reporting Waiver Request Form.

For inactive sites: Two months before your first DMR due date, you must set up your WQWebDMR account and submit an Electronic Signature Account Form (ESAF) or submit an Electronic Reporting Waiver Request Form

You can find more information regarding WQWebDMR in the enclosed brochure and on our website at: <http://www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html>. If you have technical questions regarding Ecology's Water Quality Permitting Portal, please contact the portal staff at 800-633-6193/**option 3** or email WQWebPortal@ecy.wa.gov.

Workshops

We plan to hold WQWebDMR trainings across the state from February – April, 2016. Visit <http://www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html> for more information.

We plan on holding workshops across the state on the reissued permit in late March through early April. We will post information about the workshops on the following website:
<http://www.ecy.wa.gov/programs/wq/sand/index.html>.

Right to Appeal the Permit

You have a right to appeal the terms and conditions of the permit to the Pollution Control Hearing Board (PCHB) within 30 days of the date of receipt this notice. The appeal process is governed by Chapter 43.21B Revised Code of Washington (RCW) and Chapter 371-08 Washington Administrative Code (WAC). “Date of receipt” is defined in RCW 43.21B.001(2).

To appeal you must do the following within 30 days of the date of receipt of this notice:

- File your appeal and a copy of this notice with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.
- Serve a copy of your appeal and this notice on Ecology in paper form – by mail or in person. E-mail is not accepted.

Address and Location Information:

Street Address	Mailing Address
Department of Ecology Attn: Appeals Processing Desk 300 Desmond Drive Southeast Lacey, WA 98503	Department of Ecology Attn: Appeals Processing Desk PO Box 47608 Olympia, WA 98504-7608
Pollution Control Hearings Board 1111 Israel Road Southwest, Suite 301 Tumwater, WA 98501	Pollution Control Hearings Board PO Box 40903 Olympia, WA 98504-0903

Permit Documents

In addition to the permit, Ecology also issues a Fact Sheet for the permit. The Fact Sheet explains the legal and technical basis for the permit conditions and requirements. Ecology has also responded to comments that were submitted on the formal draft of the permit. The Response to Comments is an appendix to the Fact Sheet. The permit, Response to Comments, and Fact Sheet are available at: <http://www.ecy.wa.gov/programs/wq/sand/index.html>. You may request hardcopies of these documents from Dena Jaskar at dena.jaskar@ecy.wa.gov or (360) 407-6401.

Fees

Ecology, in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with the issuance and administration of Wastewater Discharge Permits (Chapter 173-224 WAC). Please contact Charles Gilman at (360) 407-6425, or by email at charles.gilman@ecy.wa.gov, with any fee related questions.

Where to Get Additional Information

If you need assistance with permit requirements, have site-specific questions, or need to correct your coverage page please contact: Jim Chulos at james.chulos@ecy.wa.gov or (509) 329-3565.

If you have questions regarding the reissuance of the Sand and Gravel General permit, please contact Carrie Gaul at (360) 407-6967 or by email at carrie.graul@ecy.wa.gov.

A handwritten signature in black ink that reads "Bill Moore". The signature is written in a cursive, flowing style.
