Temporary State Waste Discharge Permit No. ST9265 was issued on April 28, 2008 to Dwight Hand for the Mieras Mill in Liberty. In accordance with WAC 173-216 you are required to submit an application for renewal of your permit in order to continue discharging wastewater into state waters. The Department of Ecology (Ecology) has been issuing all recent State permits with a one year advance requirement for application submittal, based on the lead time required to prepare modern permits.

To keep your current permit active, Ecology requires the enclosed renewal application be completed and submitted by **July 2, 2012**. If you would prefer an electronic version, you can access the application forms on the Internet at <http://www.ecy.wa.gov/programs/wq/permits/forms.html>.
