Dear Mr. Campbell:

The Department of Ecology (Ecology) issued Permit No. ST0009253 for the discharge of treated process wastewater from Sun Opta – Kettle Valley Dried Fruits to the City of Omak Publicly Owned Treatment Works (POTW). This permit is due to expire on **February 28, 2017** and requires you to submit an application for renewal. Ecology has been issuing all recent State permits with a one year advance requirement for application submittal, based on the lead time required to prepare modern permits.

Completing the Application

Application form 040-177 is available on the Ecology website at <http://www.ecy.wa.gov/programs/wq/permits/forms.html>. Please mail the completed application to this office by **February 29, 2016**.

Please complete all of Sections A through J of the enclosed permit application. Submit any additional information that you feel may help Ecology determine the impact of your discharge upon the POTW.

Section J. Certifications has to be signed by the City of Omak POTW prior to submitting the application to Ecology.
