Dear Mr. Krapas:

Enclosed is a preliminary draft copy of Ecology's proposed Permit and Fact Sheet. Please take this opportunity to review the draft documents for factual mistakes or errors and comment on any mistakes you or your staff find. Comments must be received by our office no later than September 6, 2016. Send any corrections you may have to:

Mr. Pat Hallinan  
Department of Ecology  
Water Quality Program  
4601 N. Monroe Street

Ecology will make the appropriate corrections in the draft permit and fact sheet and place a public notice in a local newspaper. An official draft copy of the permit and fact sheet will be mailed to you along with a copy of the public notice. There will be a 60-day comment period from the date of publication. At that time, you will have the opportunity to submit comments on requirements and/or conditions in the permit.

Please contact Pat Hallinan (Permit Manager) at (509) 329-3500 or by email at [phal461@ecy.wa.gov](mailto:phal461@ecy.wa.gov) if you have any questions or if you need additional time to review the draft documents.

Sincerely,
