RE: Correction to City of Cheney NPDES Permit No. WA0020842

Dear Mayor Trulove:

Enclosed is a correction to the City of Cheney's NPDES Permit No. WA0020842. The changes are on page 4. The following corrections were made on the Summary of Permit Report Submittals page:

1. Formatting fixes were made to the table, the permit section was corrected for the Wasteload Assessment submittal from S4.F to S4.E and the appropriate year was added to the due date for S5.G, Operations and Maintenance Manual Update or Review Confirmation Letter.

The corrected pages are enclosed. Please replace the current pages with the corrected versions. Since it is not a major change, we are correcting the permit and no public comment period is necessary.

Please contact Lucy Peterschmidt (Permit Manager) at (509) 329-3408 or by email at lupe461@ecy.wa.gov if you have any questions or concerns.

Sincerely,

Shara Joy
