**Re: Factual Review of Draft Fact Sheet and Permit for Permit No. ST0009193 for Farwest Fabricators**

Dear Debbie Dougherty:

Enclosed is a preliminary draft copy of your proposed Fact Sheet and Permit. Please review these documents to insure that you or your staff understand and agree with all conditions and comment on any factual mistakes. **Pay close attention to the requirements in Special Conditions S1 and S2. The monitoring requirements for parameter units, sampling frequencies, reporting, and permit limits may have changed from your current permit.**

**Comments must provide adequate information for evaluation by the Department of Ecology (Ecology).** Your written comments or concerns must be submitted no later than **September 12, 2016**, to be considered in the formulation of final determinations regarding the draft permit. Send any comments or corrections you may have to:

Cindy Huwe, Permit Coordinator  
Department of Ecology  
Central Regional Office  
1250 West Alder Street  
Union Gap, WA 98903-0009

Ecology will make the appropriate corrections in the draft permit, and place a public notice in a local newspaper. An official draft permit copy will be mailed to you along with a copy of the public notice. There will be a 30-day comment period from the date of publication. You will have the opportunity at that time to submit comments on requirements and/or conditions in the permit.

Your new permit will require you to submit regularly scheduled Discharge Monitoring Reports (DMRs) by using WQWebDMR which is Ecology's electronic data reporting system.

Ecology will request that you register for WQWebDMR and start submitting your DMRs electronically by the effective date of your permit. To sign up for WQWebDMR (with step-by-step registration instructions and screen shots) at:  
<http://www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html>. Please feel free to contact Ecology if you have any questions about WQWebDMR.

If you have any questions about the permit, please contact Richard Marcley at 509/454-7250.

Sincerely,

A handwritten signature in cursive script that reads "Cindy Huwe".

Cindy Huwe  
Permit Coordinator  
Water Quality Program
