**Subject: Announcing a Public Workshop concerning the Boatyard General Permit**  
**Permit Number: WAG030095**

Dear Brooke De Witt:

Ecology will host two informational workshops to explain the new Boatyard General Permit, answer questions, and provide training to permittees for electronic reporting. The Department of Ecology (Ecology) recently issued this permit for a fifth term, and it became effective on August 8, 2016, and will expire July 31, 2021. The new permit and accompanying Fact Sheet are available at <http://www.ecy.wa.gov/programs/wq/permits/boatyard/index.html>.

The locations and times of the workshops are:

**Tuesday, September 20, 2016, 1:00 PM**

Everett Community College  
Corporate and Community Ed Center, Room 110  
2333 Seaway Boulevard  
Everett, Washington 98203

**Wednesday, September 21, 2016, 1:00 PM**

Ecology Headquarters Building  
300 Desmond Drive, Room ROA-32/34  
Lacey, Washington 98503

Depending on the level of interest, following the main workshop Ecology will provide attendees with training focused on how to submit monitoring data and other required reports electronically, which is a new requirement of the permit.

If you plan to attend either workshop, please inform Dena Jaskar by phone or email at [dena.jaskar@ecy.wa.gov](mailto:dena.jaskar@ecy.wa.gov) or (360) 407-6401, and let her know whether you would like to attend the electronic reporting training session afterwards.

Sincerely,

Bill Moore, P.E. Manager  
Program Development Services Section  
Water Quality Program
