Re: National Pollutant Discharge Elimination System (NPDES)
Permit WA0030023

Dear Mr. Wallace:

The Washington State Department of Ecology (Ecology) acknowledges receiving a NPDES permit renewal application for the University of Washington Medical Center on April 12, 2016. The application has been reviewed and accepted as complete on October 18, 2016.

Your current NPDES permit has an expiration date of October 17, 2016. Renewal of your permit is in process; however, the permit was not issued by the expiration date. In accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-220-180(5), your current permit and its terms and conditions are administratively extended and will remain in effect and enforceable until Ecology issues a new permit and it becomes effective.

If you have any questions regarding the application or the development of your renewal permit, please contact Jeanne Tran at (425) 649-7078 or Email at jtra461@ecy.wa.gov

Sincerely,

Tricia Miller
Permit Coordinator
Northwest Regional Office
