Re: City of Seattle Petition to Intervene
Phase I Municipal Stormwater Permit Appeal, PCHB No. P 07-026
Pierce County Public Works and Utilities Dept v. Dept of Ecology

To the Clerk of the Board:

Enclosed for consideration by the Board are the original and one copy of the following:

1. City of Seattle's Petition to Intervene
2. Declaration of Chuck Clarke in Support of City of Seattle's Petition to Intervene
3. Declaration of Service

Seattle is a named permittee under the Phase I Municipal Stormwater Permit that is on appeal. Seattle requests that the Petition to Intervene be decided on the City's written submissions, unless Seattle's Petition is contested. If contested, Seattle reserves the right to request by letter that oral argument occur during the Prehearing Conference.

Seattle has contacted counsel for the parties to seek stipulation of the parties to intervention by the City of Seattle. Counsel for Pierce County has responded that the County consents to intervention by Seattle. We await the response of counsel for Ecology.

Please do not hesitate to contact me by direct line (206/233-2159) or by email (theresa.wagner@seattle.gov) with any questions. Thank you for your assistance.

Very truly yours,

THOMAS A. CARR
Seattle City Attorney

No. P 07-026

CITY OF SEATTLE'S PETITION TO
INTERVENE

15 The City of Seattle ("Seattle") hereby petitions the Board for intervenor status in the above-
16 captioned matter, pursuant to WAC 371-08-420 and CR 24.

17 Seattle requests that this Petition to Intervene be decided on the City's written submissions,
18 unless the Petition is contested. If contested, Seattle reserves the right to request by letter that oral
19 argument occur during the Prehearing Conference. Seattle has contacted the parties to learn
20 whether or not this petition is contested and awaits response from Ecology. Pierce County has
21 expressly consented to intervention by Seattle.

22 Seattle specifically requests permission to participate in the prehearing conference as an
23 intervenor.

18 Fax: (206) 684-8284

19 STATEMENT OF FACTS

20 The City of Seattle is a municipal corporation organized under the laws of the State of
21 Washington. Seattle is one of six cities and counties specifically named in and covered by the Phase
22 I Municipal Stormwater Permit, National Pollutant Discharge Elimination System and State Waste
23 Discharge General Permit for discharges from Large and Medium Municipal Separate Storm Sewer
Systems (the "Permit"), which was issued by the Washington State Department of Ecology
("Ecology") on January 17, 2007. Permit at S1.B.¹

24 //

25 //

26 _____
27 ¹ "The following Cities and Counties are covered under this permit as permittees: 1. The City of Tacoma and the
28 City of Seattle. 2. Clark, King, Pierce, and Snohomish Counties." The Permit is attached as an Exhibit to the
29 Notices of Appeal filed in the above-captioned matters.

ARGUMENT

Seattle requests to intervene in this matter for all purposes. WAC 371-08-420.² As a named permittee, Seattle is entitled to intervene as a matter of right pursuant to CR 24(a), because the Petition is timely and all of the requirements are met: (1) Seattle claims an interest relating to the subject of the action, which is the Permit; (2) disposition of the action may as a practical matter impair or impede Seattle's ability to protect its interest; and (3) Seattle's interest is not adequately represented by the existing parties. The requirements of CR 24(a) are liberally construed to favor intervention. Columbia Gorge Audubon Society v. Klickitat County, 98 Wn. App. 618, 623, 989 P.2d 1260, 1263 (1999). CR 24(a) should be interpreted to allow intervention unless it would work a hardship on one of the original parties. Loveless v. Yantis, 82 Wn.2d 754, 759, 513 P.2d 1023, 1026 (1973). In the alternative, Seattle should be permitted to intervene pursuant to CR 24(b) because any claim Seattle may have is based on the subject of the action, which is the Permit.

Seattle has an indisputable stake in the future of its own NPDES permit, which is before the Board on appeal. Pertinent facts are stated in the Declaration of Chuck Clarke, filed with this Petition. Seattle is already investing staff time and resources to comply with the Permit. Seattle is concerned that the pending appeal might change the Permit as it relates to Seattle, altering Seattle's expected compliance obligations. The appeal raises important issues about the Permit. If Seattle is not party to the appeal, Seattle will be unreasonably denied the opportunity to participate in briefing, hearings and other proceedings but will be subject to any resulting permit modifications. Therefore, the interests of justice will be served by allowing Seattle to fully participate in the appeal of its

² WAC 371-08-420 Intervention.

(1) The presiding officer may grant a petition for intervention at any time, upon determining that the petitioner qualifies as an intervenor pursuant to Civil Rule 24, that the intervention will serve the interests of justice, and that the prompt and orderly conduct of the appeal will not be impaired.

(2) The presiding officer may impose conditions upon the intervenor's participation in the proceedings.

1 permit.

2 No other party adequately represents Seattle's interests and the needs of Seattle's general
3 public and elected officials. Seattle is the state's largest city and has a more dense and developed
4 urban environment than any other Phase I city or county. Seattle's perspective on the Permit is
5 unique, based on Seattle's characteristics and Seattle Public Utilities' practice of using the principles
6 of Asset Management to consider the financial, social and environmental costs and benefits of many
7 decisions. Decl. of Chuck Clarke at ¶¶ 3-5. The other parties to appeals of the Permit, both
8 permittees and citizen groups, can be expected to diverge from Seattle's interests because of the
9 geographical, organizational, social, and political attributes of each. Although Seattle is in
10 agreement with Ecology's approach to many aspects of the Permit, Ecology's role as regulator
11 inherently distinguishes it from the permittees.

12 Because Seattle's Petition is filed and served within a week after the appeal deadline,
13 intervention will not cause undue delay or prejudice to either appellant or respondent.

14 Seattle respectfully requests that its Petition be granted and that no conditions be placed on
15 Seattle's participation before the Board. A proposed form of order will be provided upon request.

16 DATED this 20th day of February, 2007.

19)
20)
21)
22)
23)

13 I, CHUCK CLARKE, declare and state:

14 1. I am the director of Seattle Public Utilities, which is a department of the City of
15 Seattle, a Washington municipal corporation.

16 2. The City of Seattle is a permittee under the Phase I Municipal Stormwater Permit
17 (National Pollutant Discharge Elimination System and State Waste Discharge General Permit for
18 discharges from Large and Medium Municipal Separate Storm Sewer Systems) (the "Permit")
19 issued by the Washington State Department of Ecology ("Ecology") on January 17, 2007, with an
20 effective date of February 16, 2007.

21 3. Seattle Public Utilities has been assigned responsibility for coordinating the City of
22 Seattle's compliance with the Permit for the City's "large municipal separate storm sewer system."
23

DECLARATION OF CHUCK CLARKE IN SUPPORT OF CITY OF
SEATTLE'S PETITION TO INTERVENE - 1

1 Seattle Public Utilities is now expending staff time and resources to comply with the Permit.

2 4. Seattle's interests in appeals of the Phase I municipal stormwater permit cannot be
3 represented by any other party. Seattle is the state's most populous and densely-developed city.
4 Seattle is unique among Phase I permittees and the other parties. Seattle's approach to managing
5 stormwater is consistent with a Stormwater Management Program approved by Ecology and suited
6 to the attributes of the City:

7 (a) Most of Seattle was fully developed before modern environmental laws were enacted.

8 Seattle is served by a variety of stormwater infrastructure: piped and informal separate storm
9 sewers, partially separated storm sewers, and combined sewers.

10 (b) In Seattle's stormwater regulatory program, redevelopment is a more prominent issue
11 than new development. The average parcel size in Seattle is very small, approximately 5000
12 sq ft., and the rate of redevelopment is <1% per year.

13 (c) About 25% of Seattle's land mass is in city, state and federal transportation corridors,
14 which poses unusual challenges for stormwater management.

15 (d) Seattle's stormwater system drains to a great variety of receiving waters, including small
16 lakes and urban streams, large lakes (Lake Union and Lake Washington), the Duwamish
17 River, and Puget Sound.

18 (e) Seattle is governed by its unique City Charter as well as state and local laws.

19 5. Seattle Public Utilities is a leader in using Asset Management principles to make
20 well-informed utility decisions about directing resources to stormwater management and other
21 areas of business. "Asset Management" means that Seattle Public Utilities uses a formal
22 internal review process to make well-informed and cost-effective decisions in a transparent
23

1 manner, fully informed of the life-cycle triple bottom line of financial, social and environmental
2 costs and benefits.
