Subject: electronic leak detection due February 1, 2017

Sean:

May I have an extension to the deadline of 2-1-2017 to 3-15-2017. The leak detention company would like the lagoon as full as possible for the best result and the first of March would work for this. And it would give us 2 weeks to get the survey results to you.

Leak Location Services, Inc.

San Antonio Texas

I have a proposal from the company and we are trying to schedule their trip to Othello, Washington.

Thanks

Best regards,

Mike Greene
