Re: Notice of Temporary State Waste Discharge Permit No. ST0501301

Dear Mr. Yuki

Your application for a State Waste Discharge (SWD) Permit was received by this office on November 7, 2016 and accepted as complete on January 19, 2017.

WAC 173-216-070 explains what satisfies the requirement for filing a permit application "In the event of failure of the Department to act upon an application within sixty days after it has been filed, the applicant shall be deemed to have a temporary permit. The permit shall authorize the applicant to discharge waste into waters of the State as requested in its application only until such time as the Department shall have taken action upon said application."

Therefore, your Temporary Permit will remain in effect until your State Waste Discharge permit is issued or for up to five years, whichever occurs first. The temporary permit consists of the information submitted in the permit application. This authorization does not allow you to discharge pollutants not specified in your application and attachments or in quantities exceeding those specified in your application.

If you have any questions regarding the permit process, please contact Mark Henderson at (360)715-5208 or email at [mhen461@ecy.wa.gov](mailto:mhen461@ecy.wa.gov)

Sincerely,

Tricia Miller  
Permit Coordinator  
Northwest Regional Office
