Bellevue, WA 98008

This letter is to confirm that the City of Mount Vernon permit number WA0024074 has no updates or changes to our Electronic Operations and Maintenance Manual from our previous update made in February 2015 that was made by Chad Tesarik. We have reviewed the Electronic Operations and Maintenance Manual and have found it to be complete and no updates are needed.

Thank you,

A handwritten signature in blue ink that reads "Gary Duranceau".

Gary Duranceau
Wastewater Division Manager
