RE: Application for Renewal of State Wastewater Discharge Permit ST0005335

Dear Mr. Konopasek:

State Waste Discharge permit ST0005335 is due to expire on February 28, 2019 and requires an application for its renewal. To allow Ecology sufficient time to develop Tyson's permit, a completed application must be received by our office **on or before February 28, 2018**. It is Ecology's policy to send a permit renewal application at least one year prior to the expiration date to help insure a timely submittal.

The permit manager requests that you complete the sections marked below as well as any additional sections that may apply if there have been significant changes to the facility or the character of the wastewater have changed. Please submit any additional information that may help Ecology determine the impact of your discharge to groundwater.

Completing the Application

Please use the enclosed application form or you can obtain an electronic version of the form (Form #040-179) from our website at <http://www.ecy.wa.gov/programs/wq/permits/forms.html>.

A principal executive officer must sign the application (WAC 173-216-070).

The principal executive officer may delegate signature authority for submittals required by the permit such as monthly reports to a specific, qualified individual or to a position that Ecology expects is filled with a qualified individual. Please submit a copy of the letter delegating signature authority along with the application for our files.

Please complete all of Section A of the permit application and those sections which are checked below.

Submitting the Application

Please mail the **original, signed application** to:

Water Quality Permit Coordinator
Eastern Regional Office
Department of Ecology
4601 N. Monroe Street
Spokane, WA 99205

Please also send an electronic copy of the application (preferably as a PDF) by email to the Permit Coordinator at stra461@ecy.wa.gov. Please scan any attachments to the application and submit them with the application.

Permit Fees

Fees paid by permit holders support the wastewater permit program (RCW 90.48.465). Ecology regulation (Chapter 173-224 WAC) establishes annual permit fees to recover costs associated with issuing and managing wastewater discharge permits. Ecology will continue to assess and bill annual permit fees unless the permit is formally cancelled. Please call 1-800-633-6193 (option 2) with questions about permit fees.

Information on laws, regulations and guidance on wastewater discharge permits can be found at the following Ecology websites:

Laws & Rules	http://www.ecy.wa.gov/laws-rules/ecywac.html#wq
Permit Guidance	http://www.ecy.wa.gov/programs/wq/permits/guidance.html

You must file an application for renewal with this Department at least 180 days prior to the expiration date of Tyson Fresh Meats permit.

Please contact Sean Thompson at (509) 329-3524 or by email at sean.thompson@ecy.wa.gov if you have questions or need assistance with the form.

Sincerely,

Shara Joy
