Pasco, WA 99302

RE: Tyson Fresh Meats, Permit No. ST0005335  
Art Jenkins: New Water Quality Permit Unit Supervisor

Dear Mr. Konopasek:

The Department of Ecology, Eastern Regional Office, Water Quality Program is pleased to welcome Mr. Art Jenkins as the new Permit Unit Supervisor. Art has asked to meet permittees and tour various permitted facilities to better understand what is going well and the challenges that are facing communities and industries in eastern Washington. I will be in touch with you in the near future to schedule an introductory meeting with Art and a possible facility tour.

In the meantime, should you have questions you can contact me regarding the permit requirements, facility operations, or noncompliance notifications. Additionally, as your facility grows, do not hesitate to contact me when discussing future needs or concerns regarding management and/or expansion of your wastewater system.

Please contact me at (509) 329-3524 or [sean.thompson@ecy.wa.gov](mailto:sean.thompson@ecy.wa.gov). I look forward to working with you for a better Washington.

Sincerely,

Sean M. Thompson, Ph.D.  
Water Quality Program
