Re: National Pollutant Discharge Elimination System (NPDES) Permit No. WA0002186 Permit
Extension Letter

Dear Mr. Hepburn:

The Washington State Department of Ecology (Ecology) acknowledges receiving a NPDES permit application for Coast Seafoods on March 20, 2015. The application was reviewed and accepted as complete on August 26, 2016. Your current NPDES permit had an expiration date of June 30, 2016. Renewal of your permit is in process; however, the permit was not issued by the expiration date.

The current permit and its terms and conditions are hereby administratively extended and will remain in effect and enforceable until Ecology issues a new permit for your facility, in accordance with the Washington Administrative Code 173-220-180(5). The extended permit will expire on June 30, 2021, five years from the June 30, 2016 expiration of the previous permit.

During the permit renewal process, Ecology may determine that additional information is necessary to complete the permit. In order to maintain complete application status, Coast Seafoods must provide any additional information Ecology may request in a timely manner.

If you have any questions regarding the permit process, please contact Don Reif at 360-407-6286 or by email at don.reif@ecy.wa.gov.

Sincerely,

Melinda Wilson
Permit Administrator
