Dear Mr. Slabaugh:

Thank you for the timely submittal of the NPDES permit renewal application for the Peshastin POTW. The information contained in the application is adequate to begin drafting a renewal permit. Therefore, Ecology accepts the application as complete on June 12, 2018.

As the draft permit is developed, Ecology staff may contact you with questions or request a visit to your facility. In order to maintain complete application status, Peshastin POTW must provide any additional information Ecology may request in a timely manner.

In accordance with Chapter 90.48 of the Revised Code of Washington (RCW), your existing permit and the terms and conditions thereof remain in effect until further notice. You are also required to comply with all water pollution laws and regulations.
