RE: Issuance of State Waste Discharge Permit ST0008019

Dear Ms. Lyons:

State Wastewater Discharge permit ST0008019 is enclosed. The Department of Ecology issues this permit in accordance with Chapter 90.48 RCW, as amended.

A legal notice of draft permit was published on May 2, 2018 in the Colville Statesman Examiner to inform the public that a draft permit was available for review.

Permit Fees

The Department of Ecology, in response to the passage of Initiative 97 in 1988, has adopted a regulation to recover costs associated with issuing and administering wastewater discharge permits Chapter 173-224 WAC.

The annual fee for both industrial and municipal discharges is computed according to the permit fee schedules contained in WAC 173-224-040. We notify permit holders of fee charges by mailed billing statements. Failure to pay the applicable permit fee may result in the suspension or revocation of the permit, and could result in the issuance of civil penalties or actions to enjoin the activity under the permit.
