**Re: NOI Application Id: 29607**

Dear Shawn,

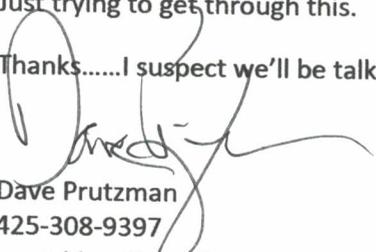

As you know, over the last several weeks I've been trying to complete a **General Stormwater Construction NOI Application**. On July 13 I had completed everything except the public notice tab when up popped a notice of application from the State. I don't know if it's complete or anything else at this point.

What I did was type out the public notice template and submit it to the local Skagit Valley Herald for publication July 18 and 25. Attached you'll find copies of the notice and receipts for payment.

I'm enclosing the required Certification of Permittee and copies of the Public Notice information.

Just trying to get through this.

Thanks.....I suspect we'll be talking in next couple of days.

**PUBLIC NOTICE**

Transworld Investment Group, Subedar Deol, 310 Leann Street, Mount Vernon, WA 98274, is seeking coverage under the Washington State Department of Ecology's Construction Stormwater NPDES and State Waste Discharge General Permit. The proposed project, Pinnacle Estates, is located at 2849 Francis Road in Mount Vernon, Skagit County. This project involves 1.8 acres of soil disturbance for residential construction activities. The receiving water body is Skagit River. Any persons desiring to present their views to the Washington State Department of Ecology regarding this Application, or interested in Ecology's action on this Application, may notify Ecology in writing no later than 30 days of the last publication of this notice. Ecology reviews public comments and considers whether discharges from this project would cause a measurable change in receiving water quality, and, if so, whether the project is necessary and in the overriding public interest according to Tier II antidegradation requirements under WA 173-201A-320. Comments can be submitted to: Department of Ecology Attn: Water Quality Program, Construction Stormwater, P.O. Box 47696, Olympia, WA 98504-7696
