

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF DRAFT PERMIT

PERMIT NO.: WA0052132

APPLICANT: Yakima County Public Services
128 N. 2nd Street, Fourth Floor Courthouse
Yakima, WA 98901

FACILITY: Community of Buena Publicly Owned Treatment Works

Yakima County Public Services has applied for renewal of National Pollutant Discharge Elimination System (NPDES) Permit No. WA0052132 for the Community of Buena POTW in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW) and Chapter 173-220 Washington Administrative Code (WAC), and the Federal Clean Water Act.

Yakima County Public Services presently owns or operates for the Community of Buena POTW which is designed to handle a monthly maximum flow of 0.120 million gallons per day. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued.

Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of treated domestic wastewater from 1680 Buena Road, Buena, WA to an unnamed waterway, tributary to the Yakima River at River Mile 91.4. All discharges to be in compliance with the Department of Ecology's Water Quality Standards for a permit to be issued.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.
