Dear Mr. Miller:

RE: Conditional No Exposure Exemption request for the Miller & Miller Boatyard Company located at 2700 W. Commodore Way Bldg. A-2, Seattle, WA.

On October 1, 2018, I conducted an inspection of your facility to determine if your facility qualified for the Boatyard General Permit's Conditional No Exposure Exemption. Based on my inspection I have concluded that your facility does qualify for the Conditional No Exposure Exemption.

Facilities that are granted a Conditional No Exposure Exemption must submit a new completed Request for a Conditional No Exposure Exemption form to Ecology once every 5 years, and may again undergo inspection by Ecology.

If a change occurs at an exempt facility that results in the exposure of boatyard activities or industrial materials to precipitation or stormwater runoff, the facility must immediately apply for and obtain a permit.

Please contact me if you have any questions.

Sincerely,

Gregory P. Stegman

IV. Eligibility Questions

- ☐ Yes ☒ No 1. Is anyone using, storing, or cleaning industrial machinery or equipment in an area that is exposed to stormwater, or are there areas where residuals from using, storing, or cleaning industrial machinery or equipment remain and are exposed to stormwater?
- ☐ Yes ☒ No 2. Are there materials or residuals from spills or leaks on the ground or in stormwater inlets?
- ☐ Yes ☒ No 3. Are materials or products from past industrial activity exposed to precipitation?
- ☐ Yes ☒ No 4. Does your facility use or store material handling equipment outdoors in areas exposed to precipitation (except adequately maintained vehicles)?
- ☐ Yes ☒ No 5. Are materials or products exposed to precipitation during loading, unloading, or transporting activities?
- ☐ Yes ☒ No 6. Are materials or products stored outdoors (except final products intended for outside use, e.g., new cars, where exposure to stormwater does not result in the discharge of pollutants)?
- ☐ Yes ☒ No 7. Are materials contained in open, deteriorated, or leaking storage drums, barrels, tanks, or similar containers?
- ☐ Yes ☒ No 8. Are materials or products handled or stored on roads or railways owned or maintained by the discharger (except final products intended for outside use, e.g., new cars, where exposure to stormwater does not result in the discharge of pollutants)?
- ☐ Yes ☒ No 9. Is waste material exposed to precipitation (except waste in covered, non-leaking containers, e.g., dumpsters)?
- ☐ Yes ☒ No 10. Does the application or disposal of process wastewater occur (unless otherwise permitted)?
- ☐ Yes ☒ No 11. Is there particulate matter or visible deposits of residuals from roof stacks or vents not otherwise regulated, i.e., under an air quality control permit, and evident in the stormwater outflow?

V. Certification Statement

I certify under penalty of law that I have read and understand the eligibility requirements for claiming a condition of "no exposure" and obtaining an exclusion from stormwater discharge permit requirements.

I certify under penalty of law that there are no discharges of stormwater contaminated by exposure to industrial activities or materials from the industrial facility identified in this Request [except as allowed under 40 CFR §122.26 (g)(2)].

I understand that I am obligated to submit a No Exposure Exemption Request once every five years to the Washington State Department of Ecology (Ecology) and, if requested, to the operator of the local municipal separate storm sewer system (MS4) into which the facility discharges (where applicable). I understand that I must allow Ecology (or MS4 operator where the discharge is into the local MS4) to perform inspections to confirm the condition of no exposure and to make such inspection reports publicly available upon request. I understand that I must obtain coverage under the applicable stormwater discharge permit prior to any changes at the facility that will result in exposure of stormwater to industrial activities.

I certify under penalty of law that this Request and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based upon my inquiry of the person or persons who manage the system, or those persons directly involved in gathering the information, the information submitted is to the best of my knowledge and belief true, accurate, and complete. I am aware there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
