**Re: New State Waste Discharge Permit Application**

Dear Troy Anderson:

Thank you for submitting an application for a new state waste discharge permit on January 24, 2019; however, an initial review shows that your application is not complete. The following deficiencies were noted:

- B.2 - Please list quantity of raw materials and products, these values are currently blank.
- C.1 - Please list all wastestreams associated with proposed permitted discharges.
- C.2 - Please provide required facility map with all the requested information.
- C.3 - Please provide the maximum daily/monthly discharge flow for the facility.
- C.4 - Please answer section C.4.
- C.5 - Please provide information on the monthly volume of the facility's wastestream.
- C.7 - Please list all incidental materials/chemicals to be used in the facility including any cleaning chemicals or chemicals used in onsite wastewater treatment.
- C.8 - Please check boxes yes/no for all plans listed in section C.8.
- D.2 - Please give an estimate of the facility's potable water usage and whether the potable water is metered.
- E.1 - Please indicate how water intake and effluent flow will be measured.
- E.6 - Please check a box for whether chemicals are used at the facility.
- E.9-10 - Please answer question E.9, then answer E.10 based on answer to E.9.
- F.1 - Please provide a facility map of wastewater sampling locations.
- H.5 - Please provide a facility stormwater map.
- I.1 - A liquid waste hauler's information is given, but the waste is not identified. Please identify the waste associated with this hauler.
- I.2 - Please describe storage areas for materials, products, and wastes at the facility
- I.3 - Please check a box for section I.3.
