No. WA0991018 for the Upper Wenatchee Basin Acclimation Program**

Dear JoDe Goudy:

Enclosed for your review is your revised draft NPDES Permit and Fact Sheet which Ecology proposes to issue for your facility. The documents contain changes from the factual review copy. A draft permit and fact sheet were sent to you on **January 29, and March 8, 2019**, for your preliminary review.

Please review these documents to insure that you understand and agree will all conditions. Your written comments must be submitted no later than **April 22, 2019**, to be considered in the formulation of final determinations regarding the draft permit. Comments should be sent to: Cindy Huwe, Permit Coordinator, Department of Ecology, Central Regional Office, 1250 West Alder Street, Union Gap, WA 98903-0009.

State Water Pollution Control laws require the publishing of a Public Notice which describes the discharge for any new or existing operation. This is to give the public a chance to be aware of, and comment on the draft permit and fact sheet. Enclosed is a copy of the public notice of draft permit describing your wastewater treatment discharge. The Department of Ecology will publish this notice in the "Legal Classified Section" of the **Wenatchee World** on **March 22, 2019**. Please review the enclosed notice and contact me **immediately** if you find any errors.

Should you have questions regarding this process, please contact me at 509/457-7105. Questions regarding content of the fact sheet or permit should be directed to Marcia Porter at 509/454-7864 or email at marcia.porter@ecy.wa.gov.
