Re: State Waste Discharge Permit Renewal
Permit No. ST0005174

Dear Mr. Lenz:

Your application for a State Waste Discharge (SWD) permit was received by this office on November 30, 2018 and accepted as complete on March 25, 2019.

If your new permit is not issued and effective by the current permit's expiration date of April 30, 2019, the current permit and its terms and conditions and any changes requested in the permit application, will remain in effect and enforceable until Ecology issues a new permit for your facility, in accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-216-070.

State law requires the circulation and publication of notices which describe the proposed issuance, renewal or extension of SWD permits. Enclosed is a copy of the public notice that will be published in the Everett Herald on March 29 and April 5, 2019. A similar notice will be mailed from this office to agencies, groups and individuals that have requested such notices for this geographic area.

If you have any questions regarding the permit process, please contact Chris Martin (425) 649-7110 or Email at chris.martin@ecy.wa.gov

Sincerely,

Tricia Miller
