**RE: Administrative Extension for National Pollutant Discharge Elimination System (NPDES) Permit No. WA0052175 for Peshastin Publicly Owned Treatment Works (POTW), Effective June 1, 2019**

Dear Ron Slabaugh:

The Washington State Department of Ecology (Ecology) acknowledges receiving a NPDES permit application for the Peshastin POTW on June 4, 2018. The application was reviewed and accepted as complete on June 12, 2018. Your current NPDES permit has an expiration date of May 31, 2019. Renewal of your permit is in process; however, the permit may not be issued by the expiration date.

If your new permit is not issued and effective by the current permit's expiration date, then the current permit and its terms and conditions are hereby administratively extended and will remain in effect and enforceable until Ecology issues a new permit for your facility, in accordance with the Washington Administrative Code 173-220-180(5).

If you have any questions regarding the permit process, please contact Jim Leier at 509-454-4247 or [james.leier@ecy.wa.gov](mailto:james.leier@ecy.wa.gov).

Sincerely,

A handwritten signature in blue ink that reads "David B. Bowen".
