

Notice of Request for Approval of the City of Kennewick's Newly Developed Local Industrial Pretreatment Program:

This is a public notice of request by the City of Kennewick for approval by the Washington State Department of Ecology (Ecology) of the City's newly developed Industrial Wastewater Pretreatment Program. Such approval is required by volume 40 CFR part 403.8. Anyone may submit comments to Ecology online at: <http://ws.ecology.commentinput.com/?id=B5Cbt>. Written comments should be sent to: Cynthia Huwe, Ecology Central Region Office, 1250 W Alder Street, Union Gap, WA 98903 within the next 30 calendar days. If there is sufficient interest in a public hearing, one will be held. There will be another public notice in the event of such a meeting, and those commenting will be sent individual notice of the date, time, and location. A copy of the City's pretreatment code (Kennewick Municipal Code Chapter 14.23), enforcement response plan, and implementation procedures of the Program may be viewed at: <https://apps.ecology.wa.gov/pais/DocumentSearch.aspx?PermitNumber=WA0044784&FacilityName=&City=&County=&Region=0&PermitType=0&DocumentType=0> or at: <https://www.go2kennewick.com/DocumentCenter/Index/455>. Chapter 14.23 Kennewick Pretreatment Act is required as the City of Kennewick is seeking delegation of authority from the Department of Ecology to implement its Industrial Pretreatment Program. The Industrial Pretreatment Program will be adopted without further public involvement if no substantive comments are received and if approved by Ecology and barring objection by the U.S. EPA.
