RE: Application for Renewal of National Pollutant Discharge Elimination System (NPDES) Permit
No. WA0040533, Cascade Pole Site

Dear Rachael Jamison:

We hereby acknowledge receipt of the above-referenced application on June 27, 2019. This application is hereby accepted. Your current NPDES permit has an expiration date of June 30, 2020.

If your new permit is not issued and effective by the current permit's expiration date, then the current permit and its terms and conditions are hereby administratively extended and will remain in effect and enforceable until Ecology issues a new permit for your facility, in accordance with the Washington Administrative Code 173-220-180(5).

During the permit renewal process, Ecology may determine that additional information is necessary to complete the permit. In order to maintain complete application status, Port of Olympia must provide any additional information Ecology may request in a timely manner.

If you have any questions regarding this letter, please contact me at 360-407-6256 or by e-mail at mohsen.kourehdar@ecy.wa.gov.

Sincerely,

Mohsen Kourehdar, P.E.
