Re: April 2019- Monthly Feed, Biomass and Disease Control Use Report for Cooke Aquaculture Net Pen NPDES Permits

Ms. Niewolny-

Please find the end of month biomass, feed and disease control chemical use summary report for the month of April 2019. The Port Angeles farm site was harvested out at the end of April. The Port Angeles biomass shown on the April report is the beginning of the month biomass as the end of month biomass is now zero.

If there is any further information you need please feel free to contact me.

Regards,

Kevin Bright, Permit Coordinator
