RE: **WARNING LETTER:** Permit No. ST-5174; Schenk Packing Co.

Dear Mr. Lenz:

The Department of Ecology does not have a record of receiving Discharge Monitoring Report(s) (DMR(s)) from your facility for the following monitoring periods indicated in the table below:

<u>DATE</u>	<u>YEAR</u>
June	2019

Your permit requires you to submit DMR(s) electronically via WebDMR to the Department per permit special condition S10.A.5 even if you had no discharge.

Failure to submit DMRs is a violation of your permit condition S10.A.2. Please submit the missing DMR's after receiving this letter.

The DMR is the principal tool used to evaluate compliance with permit requirements. The Department places great importance on timely submittal of complete and accurate DMRs. Failure to comply with the conditions of your permit could result in the Department taking formal administrative enforcement action, including issuing orders and penalties.

If you have any questions please give me a call at 425-649-7214.

Sincerely,

Chris Smith  
Compliance Specialist
