RE: New State Waste Discharge Permit Application & Public Notice; Permit ST0501327

Dear Paul Wollman:

Thank you for submitting a State Waste Discharge permit application for Warden Hutterian Brethren. Ecology received the application on July 25, 2019 and will begin the application review and acceptance process.

However, before Ecology can begin the application process and begin drafting the permit, we are required to collect a one-time permit application fee for new dischargers. The fee to complete the processing of your permit application is **\$250.00**. After you receive a final permit, your annual permit fee will be assessed by calculating residential equivalents. The permit fee system funds Ecology's permit program based on expenses incurred for the issuance and comprehensive administration of the permits.

Visit Ecology's Permit Fee webpage at <https://ecology.wa.gov/Water-Shorelines/Water-quality/Water-quality-permits/Fees> or call the permit fee unit at (800) 633-6193 if you have questions about permit fees. A FEE REMITTANCE FORM is enclosed for your convenience in paying the application fee.

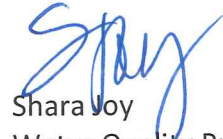

Once Ecology receive's Warden Hutterian Brethren's application fee, we will publish a legal notice in the local newspaper of record that announces the application and required 30 day comment period. As Ecology drafts the permit, your permit manager may contact you with questions or request a visit to your facility.
