RE: Upcoming Permit Submittal for Stemilt World Famous Compost, Permit No. ST0501323

Dear Ben Alworth:

Reminder of upcoming permit submittals for **Stemilt World Famous Compost**, Permit No. **ST0501323**.

Our records show that the following required reports or submittals will be due by the date listed below:

Permit Section	Submittal/Report	Submittal Due Date
#3	Letter confirming flow meter installation and sample points (page 2 of temporary permit)	February 1, 2020

If you have any questions, please contact your permit manager, Matt Durkee at (509) 575-2821 or matthew.durkee@ecy.wa.gov.

In most cases, the reports or submittals can be uploaded into the [WQWebPortal](#) (under **Submit data for: click on Permit Submittals**). Please do not attach the reports to your monthly Discharge Monitoring Reports (DMRs).

Reports or submittals that are not received by Ecology by their required date are violations of your permit. Please be aware that violations are subject to enforcement action in accordance with Chapter 173-220-230 of the Washington Administrative Code (WAC).

Sincerely,

Cindy Huwe
Permit Coordinator
Water Quality Program
