RE: Minor Revision of NPDES Permit No. WA0052312 for the Community of Buena Publicly Owned Treatment Works (POTW)

Dear Joe Stump:

On December 9, 2019, the Department of Ecology received Yakima County's letter requesting the submittal date for the Operations and Maintenance Manual be extended from January 1, 2020 to January 1, 2021.

Ecology reviewed the letter and determined the request for an extension to be reasonable.

Enclosed is a replacement permit for your National Pollutant Discharge Elimination System (NPDES) Waste Discharge Permit No. WA0052132. This revision includes the following:

- Change Submittal Table- S5.G.a.1 First Submittal Date to January 1, 2021 (previously January 1, 2020), page 4
- Change S5.G.a.1. submittal date to January 1, 2021 (previously January 1, 2020), page 24

The revisions do not affect the stringency of the permit and therefore does not require public notice. Please have your staff replace the original pages of the permit with the enclosed for each copy of the permit maintained. Each page is marked at the bottom **"THIS PAGE REVISED DECEMBER 10, 2019."**

Should you have any questions, please contact Erik Van Doren at (509) 457-7119.

Sincerely,

David B. Bowen
Section Manager
Water Quality Program
