Re: State Waste Discharge Permit Application  
South Treatment Plant Reclaimed Water Use Permit No. ST0007445

Dear Ms. Westbrook:

The Department of Ecology acknowledges receiving the application for renewal of reclaimed water use permit issued to the South Treatment Plant on July 29, 2019. The application has been reviewed and accepted as complete on January 2, 2020.

Your current permit has an expiration date of July 31, 2020. Renewal of the permit is in process; however, the permit may not be issued by the expiration date. In accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-219-070, if your renewal permit is not issued and effective by the current permit's expiration date, the current permit and its terms and conditions will remain in effect and enforceable until Ecology issues a new permit for your facility.

If you have any questions regarding your application or the permit process, please contact Shawn McKone at (425)649-7037 or Email at [shawn.mckone@ecy.wa.gov](mailto:shawn.mckone@ecy.wa.gov)

Sincerely,

Tricia Miller  
Permit Coordinator
