RE: Application for Renewal of State Wastewater Discharge Permit ST0005370

Dear Steven Becker:

State Waste Discharge permit ST0005370 is due to expire on May 31, 2021 and requires an application for its renewal. To allow Ecology sufficient time to develop Asotin County Landfill's permit, a completed application must be received by our office on or before **May 31, 2020**. It is Ecology's policy to send a permit renewal application form as a reminder to help insure a timely submittal.

**Completing the Application**

Complete the enclosed application form 040-177 or go online to use an [electronic individual permit application form](https://ecology.wa.gov/Water-Shorelines/Water-quality/Water-quality-permits/Water-Quality-individual-permits#forms) available at <https://ecology.wa.gov/Water-Shorelines/Water-quality/Water-quality-permits/Water-Quality-individual-permits#forms>.

The permit manager for your facility requests that you complete the sections marked below as well as any additional sections that may apply if there have been significant changes to the facility or the character of the wastewater have changed. Please submit any additional information that may help Ecology determine the impact of your discharge to groundwater.

**Please complete all of Section A of the permit application and the sections checked below.**

- All of Section B. Product Information or the following subsections only
  - 1. Description of manufacturing processes and products
  - 2. Raw materials and products used at the facility
  
- All of Section C. Plant Operational Characteristics or the following subsections only
  - 1. Waste stream name and ID numbers
  - 2. Schematic drawing of production and flow
  - 3. Wastewater discharge flow

- 4. Wastewater treatment improvements or changes in wastewater disposal methods
  - 5. Seasonal variation of flow
  - 6. Hours and days of operation
  - 7. Incidental materials
  - 8. Spill or waste control plan
- All of Section D. Water Consumption and Water Loss or the following subsections only
- 1. Potable water source
  - 2. Potable water use
- All of Section E. Wastewater Information or the following subsections only
- 1. Method of flow measurements
  - 2. Collection Method for wastewater samples
  - 3. Other parameters analyzed for Effluent
  - 4. Measure those parameters checked in the left column
  - 6. Chemicals used as raw materials
  - 7. Pesticides, herbicides, or fungicides used
  - 8. Other pollutants known or believed to be present
  - 9. Is the wastewater designated a dangerous waste
  - 10. How did the waste designate if applicable
- Section F. Sewer Information
- Section G. Other Permits
- All of Section H. Stormwater or the following subsections only
- 1. Coverage under Industrial Stormwater NPDES General Permit
  - 2. Facility discharge of Stormwater (answer 2-5 if answer is no to #1 and 1a.)
  - 3. Areas of Industrial Activity
  - 4. Materials handling and management practices
  - 5. Facility site map
- All of Section I. Other Information or the following subsections only
- 1. Liquid wastes and solid wastes
  - 2. Storage areas
  - 3. Designating wastes
- Section J. Certifications or the following subsections only
- 1. Approval by POTW
  - 2. Application review by Sewer Owner at point of discharge

## Submitting the Application

### Please mail the original, signed application to:

Water Quality Permit Coordinator  
Eastern Regional Office  
Department of Ecology  
4601 North Monroe Street  
Spokane, Washington 99205-1265

Please also send an electronic copy of the application, preferably as a PDF, by email to the Permit Coordinator at [stra461@ecy.wa.gov](mailto:stra461@ecy.wa.gov). Please scan any attachments to the application and submit them with the application.

A principal executive officer of at least the level of vice president must sign the application (WAC 173-216-070).

## Permit Fees

Fees paid by permit holders support the wastewater permit program (RCW 90.48.465). Ecology regulation (Chapter 173-224 WAC) establishes annual permit fees to recover costs associated with issuing and managing wastewater discharge permits. Ecology will continue to assess and bill annual permit fees unless the permit is formally cancelled. Please call 1-800-633-6193 (option 2) with questions about permit fees.

## Laws and Guidance on Permits

Information on laws, regulations and guidance on wastewater discharge permits is available online on Ecology's website.

- For information on [Regulations and Permits](https://ecology.wa.gov/Regulations-Permits) go to <https://ecology.wa.gov/Regulations-Permits>
- For [Water Quality Permit Guidance](https://ecology.wa.gov/Water-Shorelines/Water-quality/Water-quality-permits) go to <https://ecology.wa.gov/Water-Shorelines/Water-quality/Water-quality-permits>

You must file an application for renewal with this Department at least 60 days prior to the May 31, 2020 expiration date of the permit (WAC 173-216-070).

Please contact Vijay Kubsad at (509) 329-3473 or by email at [vkub461@ecy.wa.gov](mailto:vkub461@ecy.wa.gov) if you have questions or need assistance with the application form.

Sincerely,

Shara Joy  
Water Quality Program
