Lakeland Restoration, LLC  
PO BOX 1825  
Priest River, ID 83856

**Permit Number:** WAG994250  
**Site Name:** Silver Lake

**RE: Transfer of Coverage under the Aquatic Plant and Algae Management  
General Permit**

Dear Luke Huffman:

The Washington State Department of Ecology (Ecology) received your Transfer of Coverage form for the site shown above, which is currently covered by the Aquatic Plant and Algae Management General Permit (APAM permit). Ecology has updated its records to show that you are responsible for permit coverage and liability, effective April 22, 2020. **Retain this letter with your permit documents. It is part of the official record of permit coverage.**

A copy of the APAM permit, forms, and supporting documents may be viewed and downloaded at <https://ecology.wa.gov/Regulations-Permits/Permits-certifications/Aquatic-pesticide-permits/Aquatic-plant-algae-management>.

Please take time to read the entire permit. It contains the requirements you must follow to maintain compliance. Contact James Hovis (email and phone number listed below) if you have questions about the APAM permit, or would like to receive a hard copy.

**Treatment Timing Window**

Ecology is conditioning this permit coverage for some active ingredients to set allowed treatment periods for mitigating impacts to salmonids and Washington Department of Fish and Wildlife priority habitats and species using Treatment Timing Windows. For this coverage, the Treatment Timing Windows are:

**Waterbody Treatment Timing  
Window:**

*July 15<sup>th</sup> to December 31<sup>st</sup>, dates are inclusive.*

**Reason**

Rainbow trout, waterfowl concentration

To determine which active ingredients are subject to Treatment Timing Windows, see permit condition S4.D, Table 3. All current Treatment Timing Windows are available here: <https://ecology.wa.gov/DOE/files/fa/fa8057b6-6ffb-4191-9170-e5cb31f05331.pdf>.

**Permit Fees**

State law (RCW 90.48.465) requires that all Permittees pay an annual permit fee based upon the state fiscal year. The state fiscal year begins each year on July 1, and ends June 30 the following year. Ecology mails permit fee bills to all Permittees annually. Permittees that have permit coverage on July 1, will receive a permit fee bill. If you would like more information on the permit fee process, contact the Water Quality Program Permit Fee Administrator at (360) 407-6425.

**Questions and Permit Technical Assistance**

If you have questions about this letter, or you have questions or need more information about APAM permit requirements please contact James Hovis at (360) 407-6588 or [james.hovis@ecy.wa.gov](mailto:james.hovis@ecy.wa.gov).

Sincerely,

Carrie A. Graul  
On behalf of Section Manager  
Program Development Services Section  
Water Quality Program
