Re: NPDES Permit Renewal Application  
Permit No. WA0030805; Brooks Manufacturing Co.

Dear Mr. Moseley:

The Washington State Department of Ecology (Ecology) acknowledges receiving a NPDES permit renewal application for Brooks Manufacturing Co. on October 14, 2019. The application has been reviewed and was accepted as complete on January 16, 2020.

Your current NPDES permit has an expiration date of April 30, 2020. Renewal of your permit is in process; however, the permit was not issued by the expiration date. In accordance with the Washington State Administrative Procedures Act (RCW 34.05.422(3)) and Washington Administrative Code 173-220-180(5), if the new permit is not issued and effective by the current permit's expiration date, then the current permit and its terms and conditions are administratively extended and will remain in effect and enforceable until Ecology issues a new permit and it becomes effective for your facility,

If you have any questions regarding the application or the development of your renewal permit, please contact Jeanne Tran at (425) 649-7078 or Email at [jeanne.tran@ecy.wa.gov](mailto:jeanne.tran@ecy.wa.gov)

Sincerely,

A handwritten signature in black ink that reads "Tricia Miller".
